Elementary Outreach

Kindergarten storybook and playset bundles have been placed in FOUR local elementary schools.

Students and teachers will help us choose which three storybooks and which one playset to provide ALL kindergarten classrooms!

Extra! Extra! Read All About Us!

We are honored to have been featured in numerous media publications within our first month.

Click on the logos to access the publications.

Thank you to these organizations for spreading our mission!

Sneak Peek into Next Month

In November, we will be reaching out to Augusta's veterinary hospitals in hopes that together, we can welcome a new generation into the veterinary field.

Through our Facebook page, we will be releasing our Amazon Wishlist for kindergarten outreach items.

We will interview diverse veterinarians and staff to be featured in an online course, free and available for all high school students starting January 2021.

Thank you for making the future of veterinary medicine **BRIGHTER** in Augusta, Georgia!
