K-12 Outreach Update

Our virtual coloring book is almost finished! This free and printable outreach features diverse professionals in vet med. All individuals are also part of diversity, equity, and inclusion (DEI) organizations like ours, fighting for a brighter future in vet med!

We awarded two Riverbanks Zoo virtual field trips during the WILD About Learning drawing contest! We hope to continue this outreach in August when school resumes!

Alliance of Therapy Dogs (ATD) visited a local elementary school during the months of March and April! They hope to expand their school service next school year!

A few of our FAVORITES!

Our coloring book features inspirational individuals from these amazing organizations.

Please follow them on social media and find them online!!

Thank you for making the future of veterinary medicine **BRIGHTER** in Augusta, Georgia!
